OPPORTUNITY HIGHLIGHTS

Saint Alphonsus Medical Group (SAMG) and Saint Alphonsus Regional Medical Center (SARMC) have an excellent full time employment opportunity for a Family Medicine physician to join an ambulatory practice located in Meridian, Idaho.

SAMG is a physician led and accountable 380+ provider multispecialty group practice seeking a Family Medicine provider dedicated to providing services for a full spectrum of patients to include birth to end of life.

The schedule for this opportunity is a traditional work week Monday through Friday; with no less than 36 hours of scheduled patient contact time. The call for this opportunity is shared with SAMG Family Medicine providers and is currently 1:14.

Family Medicine providers at this practice are dedicated to providing services for a full spectrum of patients to include birth to end of life. The Family Medicine practice experiences infrequent (approximately 4-6 per year) pediatric admissions, typically newborns; for which Family Medicine providers are responsible. The affiliated hospital, Saint Alphonsus Regional Medical Center (SARMC), operates a 24-7 adult medicine hospitalist service as well as an OB hospitalist program. The adult medicine hospitalists are the primary admitting service for the vast majority of primary care providers in the Saint Alphonsus network. The group manages a high acuity medical service, is integrally
involved with the stroke program, works in co-management with orthopedics, and is looking to further expand perioperative services and consult services.

Requirements for this opportunity include a doctor of medicine (MD) or a doctor of osteopathy (DO) degree (MD/DO); successful completion of an accredited ACGME/AOA family medicine residency program; full license in Idaho and Oregon to practice medicine in all its phases; valid controlled substance registration with Idaho and Oregon Boards of Pharmacy & DEA; Board Certification through the American Board of Family Medicine (ABFM) or American Osteopathic Board of Family Physicians (AOBFP) (or obtain such certification within 3 years of employment). Also required is a strong clinical background and the desire to develop a full time practice to support the patients and families the plaza serves. Endoscopic procedures are not part of the scope of practice for this opportunity as these services are delivered by a Saint Alphonsus Health Alliance (SAHA) partner, Boise Digestive Health. The opportunity also requires the granting of privileges at Saint Alphonsus Regional Medical Center (SARMC).

The ideal candidate will commit to a multi-disciplinary team approach to patient care while demonstrating and modeling our organization’s core values of reverence, a commitment to those who are poor, justice, stewardship and integrity.

The practice currently utilizes eClinical Works Ambulatory EHR. The Inpatient EMR is currently Cerner PowerChart. Therefore experience with EHRs is desirable.
