OPPORTUNITY HIGHLIGHTS

Trinity Health Mid-Atlantic Medical Groups, St. Mary Medical Center and Nazareth Hospital have an excellent employment opportunity for a Family Medicine physician help build and lead a new Family Medicine Residency program located in Langhorne, Pennsylvania. This Program Director role will oversee the development, application, and maintenance of certification of the Family Medicine Residency in compliance with Accreditation Council for Graduate Medical Education (ACGME) requirements and the Policies and Procedures of the Sponsoring Institution. The position will be 50% Clinical Services and 50% Administrative Services. Clinical time will be spent at St. Mary Clinics in Bensalem, PA and the Administrative time will be at Nazareth Hospital in Northeast Philadelphia.

The ideal candidate will have prior experience building a new Family Medicine residency program and knowledge of ACGME requirements. The program director must administer and maintain an educational environment conducive to educating the residents in each of the ACGME competency areas.
Essential Functions of this opportunity include:

- During the first year, develop program and ensure completion of application to the standard of ACGME requirements.
- Lead and direct the Family Medicine Residency Program and maintain accountability for all program outcomes.
- Develop, oversee and maintain the quality of Family Medicine didactics and curriculum at all sites.
- Provide leadership, recruitment, and selection of the Residents, mentoring, teaching and administrative oversight to the residents within the program, as well as to faculty who service the mission of the residency program.
- Obtain DIO review and co-signature on all program applications and forms that ACGME requires for submission to maintain accreditation, such as citations or request for changes in the program that would have significant impact on the program and the institution.
- Be familiar with and comply with ACGME and Review Committee policies and procedures as outlined in the ACGME Manual of Policies and Procedures.
- Maintain accreditation of the program by the ACGME, and develop collaborative relationship between the program and affiliated institutions such as the sponsoring hospital and other clinical partners.
- Direct and oversee the work of the program coordinator to help facilitate ACGME requirements.
- Work with faculty to evaluate, support, remediate residents based on the feedback of the Clinical Competency Committee.
- Maintain board certification, licensure and appointment requirements as required by ACGME.
- Approve local directors at each participating site, monitor the curriculum and resident supervision at each site, as well as evaluate faculty and approve continued participation of faculty.
- Ensure compliance with grievance and due process procedures as set forth in the Institutional Requirements.
- Provide verification of residency education for all residents, including those who leave the program prior to completion.
- Implement policies and procedures consistent with the institutional and program requirements for resident duty hours and the work environment, including moonlighting.
- Distribute policies and procedures to residents and faculty, monitor resident duty hours, adjust schedules to mitigate resident fatigue, and if applicable, monitor at home call to mitigate fatigue and excessive service demands.
- Once the program is approved, allot 70% of time to program administration, evaluation, teaching, and resident precepting.

This is an excellent opportunity for an exceptional physician to develop and lead a new Residency program at St. Mary Medical Center and Nazareth Hospital.
