OPPORTUNITY HIGHLIGHTS

Lourdes Medical Associates (LMA) and St. Francis Medical Center (SFMC) have excellent full time employment opportunities for Gastroenterology physicians to join our multispecialty group located in Trenton, New Jersey.

LMA is seeking Board Certified or Board Eligible Gastroenterology physicians to join our well respected multispecialty group of physicians. The selected candidates will join two other board certified Gastroenterology physicians and a multidisciplinary staff to provide diagnosis and treatment to achieve early detection and effective treatment of gastrointestinal ailments.

The call coverage for this opportunity is currently 1:2 with the possibility of decrease with the addition of more Gastroenterology physicians.

The center performs over 2000 procedures annually.

The is an excellent opportunity for Gastroenterology physicians to join a multispecialty network of physicians.
**RECRUITMENT PACKAGE**

An excellent compensation and benefits package is available for the right candidate. This includes:

- Competitive salary
- Health, Dental, Life, Disability and Malpractice Insurance
- 401(k) matching
- Paid time off (including sick, vacation and holidays)
- CME stipend and paid time off
- License, CDS and DEA certification reimbursement

**ABOUT THE FACILITY**

**Lourdes Medical Associates** is a 114 physician network seeking to develop a highly integrated network of physicians and healthcare facilities that will provide high quality, readily available, and affordable health care to patients across a broad geographic service area.

By integrating primary care and specialty physicians with a common goal and a dedication to delivering compassionate care in both the inpatient and outpatient setting, patients will experience a seamless provision of care at whatever level of healthcare is needed.

Through the association of primary care and specialty physicians at the primary care level, patients will be afforded the opportunity for convenient care delivered by professionals in a setting that assures optimal exchange of critical healthcare information that enables physicians to better understand the complexities of the patient's medical psychological profile and enables patients to gain a better understanding of their illness and their needs.

Through the development of an integrated electronic medical record, all important healthcare related information will be available to all providers of care whenever and wherever the patient requires intervention.

**Saint Francis Medical Center (SFMC)** - Located in Trenton, New Jersey SFMC services patients in Trenton, Mercer County, Bordentown, Burlington County, New Jersey and Bucks County in Pennsylvania. We offer a full range of services and state-of-the-art medical technology to support the health of our community, including quality medical care and holistic approaches to heal the mind, body and spirit that treat every patient with dignity.

St. Francis Medical Center was founded in 1874 by the Sisters of St. Francis of Philadelphia as Trenton’s first hospital. Today, it is an acute care teaching hospital with more than 300 medical staff physicians representing all specialties and a member of the Trinity Health System. Known as the Heart Hospital, St. Francis is Mercer County’s only comprehensive cardiac surgery program. Our advanced and comprehensive cardiovascular services include the only minimally invasive, robotic cardiac surgery in Mercer County as well as a new hybrid lab which combines the imaging capabilities of a cardiac catheterization lab with the sterile environment of a conventional operating room. Other programs include the Regional Cancer Center; Compassionate Care Hospice; Behavioral Health; an accredited Sleep Disorders Center; and a designated primary stroke center. LIFE St. Francis, A Program of All Inclusive Care for the Elderly (PACE), was the first program of its kind in the State of New Jersey. Additionally, the Wound Care Center, features a hyperbaric oxygen therapy chamber and the hospital has a newly renovated walk in clinic, an Imaging Center featuring a 64-Slice CT Scanner and offers digital mammography. St. Francis is also home to the School of
Nursing and School of Radiological Technology, in addition to several primary care and specialty practices known as LIFE Care Physicians.

At St. Francis Medical Center, we are committed to outstanding patient care, community outreach and patient education.

ABOUT TRINITY HEALTH

Trinity Health is one of the largest multi-institutional Catholic health care delivery systems in the nation. We serve people and communities in 22 states from coast to coast with more than 90 hospitals and 120 continuing care facilities – including home care, hospice, PACE and senior living facilities and programs that provide nearly two million visits annually. Trinity Health employs more than 131,000 colleagues, including 5,300 employed physicians.

Our mission: We, Trinity Health, serve together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities. We support this mission by living our core values of Reverence, Commitment to Those Who are Poor, Justice, Stewardship, and Integrity. Committed to recruiting talented physicians, we are looking for physicians who share our values and want to help us fulfill the health care needs of the communities we serve.

At Trinity Health, we value the physician relationship and focus on partnering with our physicians. Whether you are a practicing physician looking to relocate or a medical resident, we offer opportunities with the flexibility to fit your individual needs. If you would like to be part of Trinity Health, we encourage you to explore this opportunity at www.trinity-health.org.

If you are interested in this opportunity and would like to submit your CV, please email backkg@trinity-health.org or call Trinity Health Physician Recruitment at (734) 343-2300.
