OPPORTUNITY HIGHLIGHTS

The Eddy SeniorCare, a member of St. Peter's Health Partners is an established and respected PACE program (Program of All Inclusive Care for the Elderly). The Eddy SeniorCare is seeking a full time Family Medicine, Internal Medicine, Geriatric Medicine or Hospice and Palliative Care physician to join its team located in Schenectady, New York.

This is an excellent opportunity to join a unique practice environment which provides physicians the opportunity to work with an interdisciplinary team to support frail seniors who remain living in the community and thus avoid nursing home placement. It is a program driven by relationships – not the number of encounters. The physician follows the participant whether at home, in the medical office, or in selected nursing homes should placement be needed.

The selected candidate must be Board Certified in Internal Medicine or Family Medicine with a minimum of one to three years of experience with a Geriatric population. A strong preference will be shown to candidates who possess fellowship training in Geriatrics or Hospice and Palliative Care. Candidates should possess excellent clinical skills, communication skills, and a strong commitment to providing compassionate care, and the ability to work in a team environment.
This opportunity is unable to sponsor H1B or J1 visa candidates at this time.

This is an exciting opportunity to join St. Peter's PACE program and work within the St. Peter's Health Partners system.
