We offer a full range of services and state-of-the-art medical technology to support the health of our community, including quality medical care and holistic approaches to heal the mind, body and spirit that treat every patient with dignity.

St. Francis Medical Center was founded in 1874 by the Sisters of St. Francis of Philadelphia as Trenton’s first hospital. Today, it is an acute care teaching hospital with more than 300 medical staff physicians representing all specialties and a member of the Trinity Health System. Known as the Heart Hospital, St. Francis is Mercer County’s only comprehensive cardiac surgery program. Our advanced and comprehensive cardiovascular services include the only minimally invasive, robotic cardiac surgery in Mercer County as well as a new hybrid lab which combines the imaging capabilities of a cardiac catheterization lab with the sterile environment of a conventional operating room. Other programs include the Regional Cancer Center; Compassionate Care Hospice; Behavioral Health; an accredited Sleep Disorders Center; and a designated primary stroke center. LIFE St. Francis, A Program of All Inclusive Care for the Elderly (PACE), was the first program of its kind in the State of New Jersey. Additionally, the Wound Care Center, features a hyperbaric oxygen therapy chamber and the hospital has a newly renovated walk in clinic, an Imaging Center featuring a 64-Slice CT Scanner and offers digital mammography. St. Francis is also home to the School of Nursing and School of Radiological Technology, in addition to several primary care and specialty practices known as LIFE Care Physicians.

At St. Francis Medical Center, we are committed to outstanding patient care, community outreach and patient education.
