OPPORTUNITY HIGHLIGHTS

Trinity Health Mid-Atlantic Medical Groups and St. Mary Medical Center have an excellent employment opportunity for a Board Certified Internal Medicine physician to lead a GME Residency program located in Bucks County, Pennsylvania.

The ideal candidate will oversee the development, application and the maintenance of certification of the Residency in compliance with Accreditation Council for Graduate Medical Education (ACGME) requirements and the Policies and Procedures of the Sponsoring Institution. This opportunity is 50% Clinical Services and 50% Administrative Services.

The Program Director of the Internal Medicine program is responsible for the leadership, organization, operation and the general administration of the Internal Medicine Residency Program sponsored by St. Mary Physician Group (SMPG). The Program Director establishes the strategic direction of the program and is responsible for the standards, quality and reputation of the Internal Medicine Residency program. The Program Director is expected to integrate the Internal Medicine Residency program with physician practices and hospital clinical services in a manner that enhances value and quality, and that promotes an optimal environment for professional practice. The Program Director will report to the VP of SMPG and DIO and will have a collaborative reporting relationship to the chair of the Department of Internal Medicine.
Responsibilities for this opportunity include:

- Organizing and direct the Internal Medicine Residency Program at St. Mary Physician Group, including the organization of rotations and other educational activities at all clinical sites that participate in the program.
- Maintaining active clinical practice in general Internal Medicine or one of the subspecialties of Internal Medicine.
- Recruiting, interviewing and selecting the Internal Medicine residents.
- Submitting reports on program, faculty, and fellow performance to the Graduate Medical Education Committee (GMEC) as requested by the Chair of the GMEC. Updating annually both program and resident records through the ACGME’s Accreditation Data System.
- Ensuring the implementation of fair policies, grievance procedures, and due process, as established by the Graduate Medical Education Committee, and in compliance with the ACGME Institutional Requirements.
- Preparing an accurate statistical and narrative description of the program as requested by the Internal Medicine Residency Review Committee of the Accreditation Council for Graduate Medical Education. Preparing for the on-site program reviews.

Candidates must be Board Certified in Internal Medicine and have an active Pennsylvania license.

This is an excellent opportunity for an exceptional Internal Medicine physician to lead the Residency program at St. Mary Medical Center.
