OPPORTUNITY HIGHLIGHTS

Mount Carmel Health System has an exciting full-time employment opportunity for a board-certified OB/GYN physician to serve as the Medical Director within the Mount Carmel Women’s Health Service Line, located in Columbus, Ohio. The physician must have national certification in Electronic Fetal Monitoring (C-EFM ®) through the National Certification Corporation.

The successful candidate will lead in coordinating the development, implementation and delivery of high quality and cost-effective women’s health care across the continuum. The schedule for this opportunity will include .6 FTE treating patients in a clinical setting and .4 FTE to administrative responsibilities.

The Women’s Health Service Line (WHSL) includes 8,000 deliveries/year, 10,000 OB Triage visits/year, 2,000 outpatient surgeries/year, 10,000 maternal fetal medicine visits/year, and 75,000 mammography visits/year. The WHSL manages a budget of over $135M with more than 900 colleagues, including doulas, breast surgeons, OB/GYN providers, and nurses.

A minimum of 7-10 years of experience in women’s health related or service line leadership roles is preferred, including management of physician specialty practices. A Master’s Degree in Business Administration or Public Health is also preferred. The successful candidate will have proven experience including initiating key projects, allocating resources and achieving results with the ability to motivate, empower, and develop others. Candidates must have
experience in business planning processes, strategic development activities, and demonstrated application of a system-thinking approach to organizational situations and problems. Must demonstrate competency in financial analysis and management, outcomes management, service excellence, and leadership in an interdisciplinary environment. Candidates should have strong analytical, evaluative and problem-solving skills. Knowledge of ACGME teaching requirements is required. Candidates should have experience with development, implementation, and oversight of key programs and services to support market share growth, clinical service excellence, patient satisfaction, and fiscal performance goals.

Responsibilities for the Medical Director for the Women’s Health Service Line role include:

- Collaborates with other service line and medical staff department leaders to advance care delivery to women across the lifespan.
- Responsible for providing overall medical leadership, direction and integration of physician elements for the OB/GYN program, prenatal clinics, the OB/GYN residency program, breast surgery, women’s imaging centers, women's midlife/integrative health, URO/GYN, maternal fetal medicine and additional programs that advance the women's health service line.
- A key resource in the development, enhancement and propagation of the vision and strategic direction of the service line.
- Serves as a spokesperson for the views of WHSL physicians practicing at Mount Carmel.
- Serves as an active member of the WHSL Triad to assure that system goals are achieved in alignment with the MCHS strategic plan.
- Provides oversight of the OB house-attending program across the system.
- Assists in the oversight of the certified nurse midwife programs across the system.
- Responsible for the coordination of women's services with the chairperson of the department of obstetrics and gynecology and pediatrics, director of graduate medical education, assistant program director OB/GYN graduate medical education, system breast medical director, system maternal fetal medicine medical director and related department medical directors as applicable.
- Assist elected medical staff leadership in addressing peer review, professional behavior and clinical quality issues.
- Work with medical staff services in assuring compliance with medical staff credentialing requirements.
- Work with residency program directors to assure exemplary Graduate Medical Education programs.
- Contracting, evaluation and contract renewal for physicians in the Women’s Health Service Line.
- Participating in interviews and providing input in selection of new physicians.
- Ongoing management of education of Women’s Health Service Line physicians.

This is an exciting opportunity for the right Administrative physician with an interest in service line leadership to join Mount Carmel Health System.
RECRUITMENT PACKAGE

Mount Carmel Health System offers a competitive salary and compensation package including:

- Medical, dental, and vision coverage
- Retirement savings account with employer match starting on day one
- Generous paid time off programs
- Employee recognition incentive program
- Tuition/professional development reimbursement
- Relocation assistance (geographic restrictions apply)
- Discounted tuition and enrollment opportunities at the Mount Carmel College of Nursing

ABOUT THE FACILITY

**Mount Carmel East** - With the busiest adult emergency department in greater Columbus, Mount Carmel East is growing right along with the east side communities it serves. Our hospital offers a wide range of services through a number of specialty centers and has made an ongoing commitment to technology that has helped set the facility apart. So has our surgical expertise is so respected that knee replacement surgeries from Mount Carmel East are broadcast live to students and visitors at Ohio’s Center of Science and Industry.

With growing demands for heart and maternity care on the east side, Mount Carmel responded by creating the Mount Carmel East Heart Center and Mount Carmel East Maternity Center.

The Heart Center features Cath labs, an electrophysiology lab, a cardiovascular neuro services center, a post-surgery ICU, a coronary care unit and a step-down unit. The Maternity Center includes labor and delivery rooms, cesarean operating rooms, antepartum rooms and a Level III special care nursery. Among the other state-of-the-art facilities at our hospital in Columbus, Ohio are multiple intensive care units, an endoscopy lab, a neuroscience unit with epilepsy monitoring beds and the Bruce E. Siegel Center for Health Education.

We are now in the midst of a four-year, $310 million campus-wide modernization project that will ensure Mount Carmel East can provide the people-centered healthcare of tomorrow. That includes the addition of a new five-story patient tower, a conversion to all-private rooms, the introduction of level II trauma care, a new surgical suite with 12 operating rooms and 40 perioperative spaces, an expanded cafeteria and kitchen with bistro-like dining and room service, a new main entrance and lobby, expanding parking, peaceful respite areas and park-like outdoor spaces to create an unprecedented patient experience.

Mount Carmel East has earned Comprehensive Stroke Center Certification – the highest level of stroke certification available – from The Joint Commission and American Heart Association/American Stroke Association. To earn this coveted recognition, hospitals must be capable of diagnosing and treating the most complex stroke cases. Mount Carmel East was recognized with a 2018 U.S. News & World Report Regional Best Hospital badge and earned “high performing” ratings in the gastroenterology and GI surgery specialty and in heart failure, colon cancer, Chronic Obstructive Pulmonary Disease (COPD), and hip and knee replacement...
procedures. Only 10-20% of hospitals evaluated for each condition or procedure earn "high performing" ratings.

**Mount Carmel St. Ann's** has always been the sole, full-service inpatient hospital in northeast central Ohio. However, thanks to a recent expansion, it’s transformed into regional medical center with a long list of patient-centered facilities and services.

Today St. Ann’s is home to a fully integrated cardiovascular center of excellence with open-heart capabilities, a Primary Stroke Center, a dedicated Women’s Health Center, a Maternity Pavilion that welcomes more than 4,500 new babies every year, an award-winning Network Cancer Program, the first Cyberknife® robotic radiosurgery center in central Ohio and a dedicated orthopedics and spine unit.

These state-of-the-art facilities and capabilities, along with our exceptional team of medical professionals, allow Mount Carmel St. Ann’s to provide award-winning, patient-centered care.

Mount Carmel St. Ann's was recognized with a 2018 U.S. News & World Report "high performing" rating in Chronic Obstructive Pulmonary Disease (COPD). Only 10-20% of hospitals evaluated for each condition or procedure earn "high performing" ratings.

**Mount Carmel Grove City** - As Grove City's first full-service hospital, Mount Carmel is bringing a healthcare focal point to the community with the opening of its 210-bed hospital. Every aspect of the hospital is designed with the patient in mind. From advanced technologies and expanded services to stunning interiors and tranquil surroundings. It's a healing environment like no other. It's also an innovative healthcare delivery system that integrates sophisticated inpatient medical care with wellness and prevention services.

The Grove City hospital will include a full complement of cardiovascular procedures, cardiothoracic surgery, neurology, neurosurgery, obstetrics and gynecology, orthopedic and vascular services. The three medical office buildings on campus include the regions first comprehensive cancer center, women's health, outpatient surgery, pain management, wound care, and multi-specialty physician practices.

This campus will also be home to our Graduate Medical Education residency programs in Internal Medicine, Obstetrics and Gynecology, General Surgery, Orthopedics, Transitional Year, and Colorectal Fellowship.

The new 7-story hospital has 42 ICU beds, 9 L/D beds, 16 NICU beds, 3 Cath/EP labs, 9 ORs and 36 ED bays. Our advanced technologies include: 1.5T and 3T MRI, SPECT/CT imaging, upright Stereotactic Biopsy Systems, Hyperbaric Oxygen Chambers, Mobile PET, 2D and 3D Mammography, Automated Breast Ultrasound, and a True Beam Linear Accelerator.

**Diley Ridge Medical Center** - An affiliation of Mount Carmel and Fairfield Medical Center, Diley Ridge Medical Center is a state-of-the-art medical complex that includes emergency,
inpatient and diagnostic services as well as an attached medical office building. Located in Canal Winchester, the center serves patients throughout northern Fairfield County, including the communities of Pickerington, Groveport, Canal Winchester, Carroll, Baltimore and Violet Township.

The 35,000-square-foot medical center is the centerpiece of the property. In addition to a full-service, 24-hour ER, the center has 10 inpatient beds, a full clinical laboratory, state-of-the-art imaging center and women's health services that include mammography and bone density.

The nearly 50,000-square-foot medical office building is home to both primary care and specialty physicians, and is seamlessly integrated and connected to the medical center by an enclosed walkway. The building also includes a Nationwide Children's Hospital Close to Home Center, providing pediatric urgent care, laboratory and radiology services.

Mount Carmel Health System – serving more than a half a million patients a year – is the second-largest health system in Central Ohio, with four acute care hospitals, outpatient facilities, physicians' offices, surgery centers, emergency and urgent care centers, as well as community outreach sites throughout central Ohio.

Our Values Are Your Values. At Mount Carmel, we believe it's not enough that we care. We want to make certain that we show that caring in everything we do, to everyone we meet, every day. That's why, at Mount Carmel, we have some guidelines that we live by. We call them our CORE Values - Respect, Compassion, Excellence, Care of the Poor and Underserved, and Social Justice.

Mount Carmel Health System is part of Trinity Health one of the largest Catholic health care organizations in the United States. Trinity Health is based in Livonia, Michigan, a Catholic national health care system located in Livonia, Michigan.

COMMUNITY DESCRIPTION

Columbus, Ohio is an exciting young community with an abundance of character. As the country's 15th largest city, Columbus offers big-city amenities with a small-town quality of life, as well as the flavor and excitement of one of the largest universities in the country--The Ohio State University. As Ohio's capital, Columbus is not only a government seat but also a cultural, educational and recreational hub. It provides a bevy of family attractions, a vibrant arts community, world-class entertainment, and college and professional sports, all of which are popular with our physicians, residents and staff.

Columbus has a strong and diverse economy based on education, insurance, banking, fashion, defense, aviation, food, healthcare, energy, steel and technology. In 2009 Business Week named Columbus as the best place in the country to raise a family. In 2008 Forbes Magazine ranked Columbus as the number one up-and-coming tech city in the nation, and Columbus was also ranked as a top ten city by Relocate America in 2010.

ABOUT TRINITY HEALTH

Trinity Health is one of the largest multi-institutional Catholic health care delivery systems in the nation. We serve people and communities in 22 states from coast to coast with more than 90 hospitals and 100 continuing care facilities – including home care, hospice, PACE and senior living facilities and programs that provide nearly two and a half million visits annually. Trinity Health employs more than 133,000 colleagues, including 7,800 employed physicians and clinicians.

Our mission: We, Trinity Health, serve together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities. We support this mission by living our core values of Reverence, Commitment to Those Who are Poor, Justice, Stewardship, and Integrity. Committed to recruiting talented physicians, we are looking for physicians who share our values and want to help us fulfill the health care needs of the communities we serve.

At Trinity Health, we value the physician relationship and focus on partnering with our physicians. Whether you are a practicing physician looking to relocate or a medical resident, we offer opportunities with the flexibility to fit your individual needs. If you would like to be part of Trinity Health, we encourage you to explore this opportunity at www.trinity-health.org.

If you are interested in this opportunity and would like to submit your CV, please email docopps@trinity-health.org or call Trinity Health Physician Recruitment at (734) 343-2300.
