ABOUT THE FACILITY

Trinity Health Of New England is just beginning its story. Formed in 2015, the regional ministry’s roots date back more than 100 years. The region’s largest and most comprehensive not-for-profit Catholic health system is a strategic partnership that includes Saint Francis Hospital and Medical Center and Mount Sinai Rehabilitation Hospital in Hartford, Connecticut; Johnson Memorial Hospital in Stafford Springs, Connecticut; Saint Mary’s Hospital in Waterbury, Connecticut; and Mercy Medical Center in Springfield, Massachusetts.

Trinity Health Of New England serves a population of 3 million people with a singular patient focus: providing the best possible care, for the best possible outcomes. Focused on provider collaboration and rapidly growing, there are over 13,000 physicians, advanced practitioners and caregivers who, like you, put their patients above all else. This duality of progressive caregiving, combined with a deep commitment to meeting the needs of the most underserved in our communities, is a formula that resonates deeply with the legacies of our clinical partners in this region.

Trinity Health Of New England’s collaborative practice model empowers physicians to work at their highest level—and allows time for professional development and family life. Whether focused on providing outstanding patient-centered care, teaching the next generation of care providers or growing into a leadership role, it’s time to join Trinity Health Of New England.

As a member of Trinity Health, based in Livonia, Michigan, one of the nation’s largest multi-institutional Catholic health care delivery systems, Trinity Health Of New England is uniquely positioned to advance health care through alliances with the University of Connecticut School of Medicine, the Frank H. Netter MD School of Medicine at Quinnipiac University, and through its own research institutions dedicated to the development of primary care, new treatments for cancer and MS, and much more.

Mercy Medical Center is a 251-bed, acute care medical surgical hospital located in Springfield, Massachusetts and is part of Trinity Health Of New England, the region's largest health system. Providing a wide range of inpatient and ambulatory care services,
Mercy Medical Center gives patients big-city medical expertise in an intimate, hometown setting. In fact, in 2016, Mercy Medical Center’s Care Connect initiative received a first-place Accountable Care Compass Award from the Massachusetts Hospital Association. This patient-centered care delivery model focuses on transitions in care, quality and service improvement as well as hospital and facility-wide coordination, which results in shorter lengths of stay. Mercy has a long-standing commitment to delivering the safest, highest-quality health care.

Saint Francis Hospital and Medical Center is a 617-bed acute care hospital in Hartford, Connecticut serving the north central Connecticut area since 1897. Part of Trinity Health Of New England, the region's largest health system, it is a high-performing Level II Trauma Center (seeking ACS Level I trauma verification in the upcoming year) and an advanced tertiary care referral center with a robust group of consultants and specialists. Saint Francis Hospital and Medical Center is also a major teaching hospital, academically affiliated with both the University of Connecticut School of Medicine and the Frank H. Netter MD School of Medicine at Quinnipiac University. It offers opportunities to conduct clinical research and teach graduate and undergraduate medical and surgical learners.

Saint Francis Hospital and Medical Center is routinely ranked among the best in the nation for patient safety and quality of care. The hospital is frequently honored by some of the most prestigious organizations and groups, including Becker’s Hospital Review, CareChex® and WomenCertified®. In 2016, Saint Francis was ranked among Health Care’s Most Wired hospitals, selected by Anthem Blue Cross and Blue Shield as a Blue Distinction Center for Spine Surgery, and recognized by HIMSS Analytics as an Electronic Medical Record Adoption Model (EMRAM) Stage 7 organization. The hospital is also the proud recipient of multiple Women’s Choice Awards and is recognized as a Stroke Center by The Joint Commission. In addition, Saint Francis has received the American College of Cardiology’s National Cardiovascular Data Registry (NCDR) ACTION Registry–Get With The Guidelines Platinum Performance Achievement Award for the fifth consecutive year, making it the only hospital in Connecticut to consistently achieve this exceptional care. These recognitions are a testament to the level of care, innovative treatment and attention to detail that Saint Francis Hospital and Medical Center physicians and advanced practitioners provide to patients each day.
