**OPPORTUNITY HIGHLIGHTS**

Mercy Medical Center – a member of Trinity Health Of New England, the region’s largest nonprofit health system – has an excellent full time or part time opportunity for a highly experienced, fellowship trained Multiple Sclerosis (MS) Neurologist to provide MS care at the state-of-the-art Mandell Center in Springfield, Massachusetts.

In this high-level position, the selected candidate will have a full MS-focused practice with the opportunity to pursue an active leadership role. The selected candidate will work within the renowned Mandell Center for Multiple Sclerosis’ newest facility located within Mercy Medical Center, and join a nationally-recognized team of MS specialists and help expand the exceptional integrity and high-quality care into western Massachusetts.

The original Mandell MS Center in Hartford, Connecticut is long-recognized as a Center for Comprehensive Multiple Sclerosis Care through the National Multiple Sclerosis Society’s Partners in MS Care program. The newly opened second center is located at Saint Mary’s Hospital in Waterbury, Connecticut.

The selected candidate will collaborate with urologists, physiatrists, rehabilitation therapists, social workers and infusion nurses—all on-site—to optimize patient care. This
comprehensive care model eliminates unnecessary travel and wait time. For interested candidates, this is an excellent opportunity to participate in research studies and trials.

This opportunity is able to sponsor H-1B visa and J-1 waiver candidates.

**RECRUITMENT PACKAGE**

Trinity Health Of New England and Mercy Medical Center offer a competitive compensation and benefits plan.

**ABOUT THE FACILITY**

**Mercy Medical Center** is a 251-bed, acute care medical surgical hospital located in Springfield, Massachusetts and is part of Trinity Health Of New England, the region's largest health system. Providing a wide range of inpatient and ambulatory care services, Mercy Medical Center gives patients big-city medical expertise in an intimate, hometown setting. In fact, in 2016, Mercy Medical Center’s Care Connect initiative received a first-place Accountable Care Compass Award from the Massachusetts Hospital Association. This patient-centered care delivery model focuses on transitions in care, quality and service improvement as well as hospital and facility-wide coordination, which results in shorter lengths of stay. Mercy has a long-standing commitment to delivering the safest, highest-quality health care.

**Trinity Health Of New England** is just beginning its story. Formed in 2015, the regional ministry's roots date back more than 100 years. The region's largest and most comprehensive not-for-profit Catholic health system is a strategic partnership that includes Saint Francis Hospital and Medical Center and Mount Sinai Rehabilitation Hospital in Hartford, Connecticut; Johnson Memorial Hospital in Stafford Springs, Connecticut; Saint Mary's Hospital in Waterbury, Connecticut; and Mercy Medical Center in Springfield, Massachusetts.

Trinity Health Of New England serves a population of 3 million people with a singular patient focus: providing the best possible care, for the best possible outcomes. Focused on provider collaboration and rapidly growing, there are over 13,000 physicians, advanced practitioners and caregivers who, like you, put their patients above all else. This duality of progressive caregiving, combined with a deep commitment to meeting the needs of the most underserved in our communities, is a formula that resonates deeply with the legacies of our clinical partners in this region.

Trinity Health Of New England’s collaborative practice model empowers physicians to work at their highest level—and allows time for professional development and family life. Whether focused on providing outstanding patient-centered care, teaching the next generation of care providers or growing into a leadership role, it’s time to join Trinity Health Of New England.

As a member of Trinity Health, based in Livonia, Michigan, one of the nation’s largest multi-institutional Catholic health care delivery systems, Trinity Health Of New England is
uniquely positioned to advance health care through alliances with the University of Connecticut School of Medicine, the Frank H. Netter MD School of Medicine at Quinnipiac University, and through its own research institutions dedicated to the development of primary care, new treatments for cancer and MS, and much more.
