Serology Testing Information for System Office Colleagues and National Health Ministry Colleagues Working in Indiana // Saint Joseph Health System

When:

Where:

- Saint Joseph Health hospital

How:

- Colleagues are directed to either the Mishawaka Laboratory (located on the 3rd floor of the Medical Office Building) or the Plymouth Laboratory (Main Registration) for registration and testing procedures. Note that due to normal patient care work offered at these locations, colleagues may experience a wait time or be asked to return at a different time for their sample collection.

- Please bring your Trinity Health ID badge with you.
