Application: Inpatient Orders
Affected Role: Inpatient Clinicians
Revision Date: 7/16/2021
Epic Version: August 2020

This tip sheet will describe how an end user can add and adjust the Patient Covid-19 Immunization Status Column and adjust its location to meet the end user needs.

Try It Out

1. Right click on a specific list and select properties.

2. In search area, type in "covid" to easily bring up the Covid-19 Vaccine.
