Wicked Problem-Solving Rounds – Peer Problems Identified

Sustainability
- Formalizing = TRUST
- Depth
- Repeatable and saleable data
- Business
- Improvement Process utilizing data
- Connecting to policy
- Communication
- Relationships
- Boundaries
- Clarity - vision and intent
- Risk – transparency
- Change management
- Pivoting – taking time to evaluate the path
- Run toward change
- Ownership to the community
- Investment (time and money); clear lines of responsibility
- Mission creep – staying true to the mission and goals
- Creative – not changing the work; change the framing
- Shared governance

Notes from unlabeled sticky:
- Silos – who is going to convene us?
- Silos – letter writing for Medicaid cuts
- Reflection Q: Medical Marijuana?
