## Selecting a Provider

### **Tier 1: Trinity Health Facilities**

When you use Trinity Health facilities, satellite locations and/or aligned physicians with Trinity Health, you receive the highest benefit payment level. A listing of eligible facilities is available online at [bcbsm.com](http://bcbsm.com).

### **Tier 2: Network Providers**

Network providers have signed agreements with BCBS, which means they agree to accept our approved payment for a covered benefit as payment in full. You will only pay for the deductibles, copayments and coinsurances required by your coverage.

Ask your physician if he or she participates with the BCBS PPO network in your plan area. If you need help locating a network provider, please visit [Find a Doctor | bcbsm.com](http://bcbsm.com) or call the phone number on the back of your ID card.

When you go to network providers, you do not have to send a claim to us. Network providers submit claims to BCBS for you, and they are paid directly by BCBS.

### **Tier 3: Nonparticipating (Out-of-Network) Providers**

Nonparticipating providers are not covered. This means that if you receive services from an out-of-network provider, you will pay the full cost for that service.

### **Case Management / Disease Management Program**

If you agree to participate, a BCBSM nurse case manager will administer an assessment and an individualized plan that includes your condition and goals based on your assessment results.

- The nurse will work with you via telephone to address your specific health concerns and goals.
- Once you have completed the program you will receive a case closure letter via mail and a call explaining that you have completed your program.

### **Notes:**

**Cancer Treatment Centers of America (CTCA) are now part of City of Hope- There is no coverage for both health care services provided by the facility and health care services provided by physicians and other health care professionals at any of their facilities, with the exception of the City of Hope National Medical Center, General Acute Care Hospital. Use Find a Doctor search tool on [bcbsm.com](http://bcbsm.com) to find a network doctor, hospital, or other health care provider.**

**Mayo Clinic – There is no in-network or out-of-network coverage for both health care services provided by the facility and health care services provided by physicians and other health care professionals at any of their facilities.**
