

2026 Preventive medications and your plan

Effective Jan. 1, 2026

Managing your health with preventive medications

Your pharmacy benefit plan includes special coverage for preventive medications.

The drugs on your plan's preventive medications list do not have a deductible. This means you'll pay your copayment/coinsurance or nothing at all, depending on your plan.

To check the cost of any medication, call the number on your Optum Rx member ID card, visit your plan's website on your member ID card, or log on to the Optum Rx app.

Potential savings with generic medications

To get the most from your benefits, ask your doctor if a generic medication is right for you. Generics normally cost less than brand medications, and the Food and Drug Administration (FDA) requires them to be just as safe and effective. Using generics may be required based on your plan benefit.

A list of covered preventive medications begins on the next page.

Medications are listed by therapeutic category. Where differences are noted between this list and your benefit plan documents, the benefit plan documents will rule.

For questions on injectable preventive medications administered by your doctor or healthcare provider, please call the number on your Optum Rx member ID card. This list should be used as a reference and may not include all medications.

How to order your free CONTOUR® brand meter

Regular blood glucose testing can help you manage your diabetes and may lead to better glucose control.

Take advantage of this great offer

Your plan offers a Free Meter Program. With this program, you can get a blood glucose meter at no charge. For information on the free meter, please contact Ascensia Diabetes Care, makers of the CONTOUR brand at **1-800-401-8440** or visit **ascensiadiabetes.com**.

Order a **CONTOUR** branded meter by calling **1-800-401-8440**.

Mention ID code **CTR-OPX**.

How to get your free meter

1. Discuss with your doctor and select the meter that is best for you.
2. Once you decide, follow the instructions on your next steps. You can get your free meter at a retail pharmacy. For CONTOUR®NEXT or CONTOUR®PLUS BLUE products, you can also call the manufacturer directly.
